

Refrigerated Display Cabinets

Refrigerated Display Cabinets (4°C to 8°C) facilitate exclusive display and sale of cakes, desserts & savouries in patisseries, cafes, supermarkets & multiplexes. In order to cater to the diversified demand of the clients, we offer these units in different sizes and designs.

Model	Partition	Overall Size w x d x h (mm)	Temperature (°C)	Electrical Rating (V / Ph / Kw)
DR 90 C	Base + 2	900 x 700 x 1200	4 to 8	230 / 1 / 0.36
DR 120 C	Base + 2	1200 x 700 x 1200	4 to 8	230 / 1 / 0.44
DR 150 C	Base + 2	1500 x 700 x 1200	4 to 8	230 / 1 / 0.63
DR 180 C	Base + 2	1800 x 700 x 1200	4 to 8	230 / 1 / 0.77

FEATURES

- Static / Forced draft cooling
- Smooth Finish and Elegant Design
- Automatic Defrost Cycle in case of Static Cooling
- Easy to remove louvers for cleaning
- Sliding Glass doors on service side
- 3 Compartments
- Warm Yellow light in each shelf
- Vacuum / Toughened Glass

TECHNICAL SPECIFICATIONS

- R134a refrigerant
- Exterior in 430 grade SS Sheet
- Interior in 304 grade SS Sheet
- 60mm in-situ puf insulation
- Tecumseh / Emerson / Danfoss make refrigeration unit
- SS shelves in case of static cooling
- Glass shelves in case of forced draft cooling

OPTIONAL

- Remote condensing unit
