

Commercial Kitchen Projects by Aster...
www.asterindia.com

We help you cook in style since 1990

Aster provides end to end solutions for production and service of food and beverages to hotels, restaurants, hospitals, corporate cafeterias, institutions and base kitchens with over 28 years of experience in this field. We provide complete solutions starting from initial concept and detailed design through equipment sizing and specifications to professional project execution and after sales service.

Turnkey Project Packages from Aster

Aster possess finest talent in this field and has unparalleled experience and expertise in this field. No wonder, most of our clients entrust the full kitchen to us for getting the best value for their investment. Turnkey projects by Aster carry commitment for both design as well as guaranteed performance and utility for each and every item installed in the kitchen. Aster's mastery over kitchen services including drainage, ventilation & LPG piping helps its clients build kitchens with highest productivity, reliability, comfort, energy efficiency and longest life span for the entire kitchen.
